

Practical Assignment 2

Subject: Web Designing

BCA Sem-1

Date: 06/11/2025

Program 1

Personal Profile Card

Create a profile card using HTML and CSS that includes:

- A `<div>` used as a card container
- Your name as a styled heading
- A short bio inside a `<p>` using text-related properties
- Profile photo with borders
- Margin and padding to space elements
- A colored background and styled font (family, size, color)

Required Information

- **File name:**
 - **Html** – profile.html
 - **CSS** – style.css
- **Card Styling Requirements:**
 - Width: **350px**
 - Background Color: **#ffffff**
 - Border: **3px solid #3498db**
 - Border Radius: **12px**
 - Center-align all text
- Image must be **circular** with **3px solid #2980b9** border
- Use **font-family: Arial**
- Add **10px margin & 15px padding**

John Doe

Student at ABC College
Roll No: 12345

Program 2

Create a webpage displaying:

- An ordered list of 5 favourite foods
 - An unordered list of 5 hobbies
- Apply CSS list properties:
- Custom list markers
 - Text color & font
 - Background color and border for list area
- Use **classes** to style each list differently.

Required Information

- **File name:**
 - **Html** – lists.html
 - **CSS** – style.css
- **Heading:** “My Favorites”
- **Ordered List Title:** “Top 5 Favorite Foods”
 - Text Color: **#d35400**
 - Font Style: **italic**
- **Unordered List Title:** “Hobbies”
 - Bullet Style: **square**
 - Text Color: **#8e44ad**
- Enclose both lists in a <div>:
 - Background Color: **#e6f7e6**
 - Border: **2px dashed #2ecc71**
 - Width: **50%**, Center align

My Interests

Favorite Foods

1. Pizza
2. Burger
3. Pasta
4. Biryani
5. Noodles

My Hobbies

- Reading
- Dancing
- Music
- Gaming
- Cooking

o

Program 3

College Timetable with Borders & Backgrounds

Create a timetable using `<table>` with headings and rows:

- Apply table border, border-collapse, padding & cell spacing
- Different background color for header row
- Hover effect on table rows (optional but good practice)

Required Information

- **File name:**
 - **Html** – timetable.html
 - **CSS** – style.css
- **Header Row Background:** #34495e
- **Header Text Color:** white
- **Cell Border:** 2px solid #34495e
- **Padding inside cells:** 10px
- **On hover, table rows should change background to** #dfe6e9
- **Use border-collapse:** collapse

Class Time Table

Day	Subject		Timing
Monday	HTML	Lab	9:00 - 11:00
Tuesday	Maths	Theory	10:00 - 11:00
	English	Theory	11:00 - 12:00

Program 4

Layered Sections Using <div> &

Create a webpage with **three sections**:

- Header, Content, Footer (use `<div>`)
- Each layer should have a different background color & spacing
- Inside content, highlight specific words using `` with color/bold styling
- Use margin & text alignment CSS

Required Information

• **File name:**

- **Html** – layout.html
- **CSS** – style.css

1. `<div class="header">`

- Text: "Welcome to My Website"
- Background: **#1abc9c**, Text Color: **white**, Center aligned

2. `<div class="content">`

- Paragraph must contain:
"This is my sample website. Here is some **highlighted** text for you."
Apply `` to the word **highlighted**:
 - i. Text Color: **red**
 - ii. Font Weight: **bold**Background: **#f1c40f**

3. `<div class="footer">`

- Text: "Designed by [Your Name] © 2025"
- Background: **#9b59b6**, Text Color: **white**, Text Align: Center

Each section:

- Margin: **10px**
- Padding: **15px**
- Border-radius: **8px**

My Website Header

Welcome to my webpage! Here is some **important text** highlighted using span.
